SUMMARY

Software Engineering student and full-stack web developer with hands-on experience building production web applications and desktop software. Proficient in Laravel, PHP, JavaScript, and modern frontend technologies. Additional background as a professional graphic designer using CorelDRAW, Adobe Illustrator, and Canva. Award-winning intern recognized for technical contribution and initiative.

SKILLS

Web Development: Laravel, PHP, HTML, CSS, JavaScript, TailwindCSS, Bootstrap, React (basics), WordPress

Mobile Development: React Native (basics), Flutter (basics)

Databases: MySQL, SQLite

Languages: PHP, JavaScript, Java (basics), Python (basics)

Concepts: Object-Oriented Programming (OOP), MVC Architecture, RESTful APIs

Graphic Design: CorelDRAW, Adobe Illustrator, Canva — professional level with extensive client work

PROJECTS

Showroom Management System — Laravel, PHP, TailwindCSS, MySQL

Built a complete showroom management solution delivered as both a web application and a packaged desktop (.exe) software. Features include inventory tracking, sales management, billing, and reporting.

Restaurant POS — Laravel, TailwindCSS, MySQL

Full-stack point-of-sale system for restaurants with order management, billing, and thermal receipt printing. Handles both frontend user experience and backend business logic.

SZABIST Smart GPA Tracker — React Native

Cross-platform mobile application for SZABIST students to log grades, track GPA, and calculate academic projections across semesters.

Personal Portfolio — HTML, CSS, JavaScript

Self-designed and developed portfolio site showcasing development projects and graphic design work. Live at manikrahuja4.github.io

SoccerVerse — HTML, CSS, JavaScript

Single-page application for soccer fans with player and team rankings, profiles, and match stats. Includes search and filter functionality.

Twitter Clone (Front-End) — HTML, CSS, JavaScript

Pixel-accurate frontend replica of the Twitter web interface demonstrating advanced layout and responsive design.

EXPERIENCE

Web Development Intern | TEKGEN Technical Institute

Aug 2025 – Sep 2025 | Hyderabad,
Pakistan

- Worked on a live production website, implementing updates and new features as part of a development team.
- Managed content, maintained site health, and coordinated with team members on task delivery.
- Awarded Best Intern Award at the conclusion of the internship program.
